LIMIT OPTIONS

Limit options are quick and easy ways of searching certain common concepts.

Date limiters are available in which you can select single dates or ranges for date of **publication**.

BROWSE FIELDS

You can browse the contents of certain fields by using Look Up lists. These are particularly useful to validate spellings or the presence of specific data. Terms found in the course of browsing may be selected and automatically added to the Advanced Search form. A Look Up list is available for Adis Pharmacoeconomics & Outcomes News in the fields drop-down for:

Subject

“NARROW RESULTS BY” LIMITERS

When results of a search are presented, the results display is accompanied by a list of “Narrow results by” options shown on the right-hand panel. Click on any of these options and you will see a ranked list showing the most frequently occurring terms in your results. Click on the term to apply it to (“narrow”) your search results. Available “Narrow results by” limiters in Adis Pharmacoeconomics & Outcomes News include:

Publication title*, Subject, and Publication date

*There is just one publication tile in this database, "*PharmacoEconomics and Outcomes News*".

LOOK UP CITATION

If you need to trace a particular bibliographic reference, use the Look Up Citation feature. Find a link to this toward the top left of the Advanced Search page, or in the drop list under Advanced on any search form; click this and you will go to a form where you can enter any known details of the citation, including document title, author, journal name, volume, issue, page, publication date, ISSN.
